## Introduction.

Having just graduated Leeds Metropolitan University with a BA in Film and Television Production, I have knowledge in both camera and editing. I have used a variety of 16mm and HD cameras and used editing programmes such as Avid, Final Cut and Adobe. I also have knowledge in other programmes like Adobe Encore, Photoshop and basic knowledge in After Effects. I work well on my own and as part of a team, I'm hard working, committed, good at listening and following instruction, if unsure I will always ask questions and I'm friendly, polite and easy to get on with.

## Work Experience.
